

PRE-TRANSPORT TRAVEL CHECKLIST

- Shade screens for cars can be useful
- Crate train your pet before using it for travelling
- Visit your vet to make sure your pet is fit for travel
- Make sure your pet's health records are up to date
- Feed your dog a small portion of food hours before travelling
- Don't ever leave your dog alone in the car or unattended at the airport or the train station
- Pack everything you need: harness, leash, meds, treats, food and pick-up bags
- When travelling by car, keep your dog hydrated and make frequent stops to relief bladders and stiff limbs

[**DOWNLOAD CHECKLIST HERE**](#)

Feed your dog 12 hours before a long trip and ask your vet for anti-sickness meds if your pet suffers from travel sickness.
